Exciting Entertainment

MUSIC The Delicious Treat With A Beat!

Classic Music

Enjoy high-quality distributed music from a home entertainment center in two different rooms in the home. With individual knob volume controls and stylish evOQ™ 1000 Series Speakers in each remote location, sound can be adjusted to taste.

CLASSIC MUSIC ADD-ON OPTIONS

- Additional Rooms
- evOQ™ 3000 Outdoor Speakers

Premium Music

Ceiling-mounted evOQ™ 3000 Series Speakers deliver high-quality sound in four rooms, and the local source input lets your kids go wild with hip-hop in their bedroom while you relax with Sinatra in the den. Stylish amplified keypad controls fit any décor and the Universal Remote Control lets you conveniently control the sound from any keypad location.

PREMIUM MUSIC ADD-ON OPTIONS

- Additional Rooms
- evOQ™ 3000 Outdoor Speakers
- lyriQ™ Local Source Input

Basic Music

Make listening to music enjoyable and convenient with this two room solution. evOQ™ 1000 Series Speakers are mounted into the ceiling to provide a full sound, and amplified volume controls can be individually adjusted or controlled with an optional Universal Remote Control.

BASIC MUSIC ADD-ON OPTIONS

- Additional Rooms
- evOQ™ 3000 Outdoor Speakers
- lyriQ™ Universal Remote Control

Ultimate Music

Top of the line evOQ™ 7000 Series Speakers in each room provide audiophile quality stereo sound while the digital keypads and Universal Remote Control give you total control from any room location. Two local source inputs allow you to override the remote music source with portable audio players or bedroom TVs, and control all of your multi-media equipment with a Universal IR Target.

ULTIMATE MUSIC ADD-ON OPTIONS

- Additional Rooms
- evOQ™ 7000 Outdoor Speakers
- lyriQ™ Local Source Input

Extreme Music

Now, the family doesn't have to share the same music over the whole audio system. On-Q's multi-source components allow you to listen to any one of four sources in up to eight different locations at the same time. evOQ 7000 Series Speakers deliver high-quality sound to each location, and the system can be expanded to 32 locations.

ULTIMATE MUSIC ADD-ON OPTIONS

- Additional Music Locations
- evOQ™ 7000 Outdoor Speakers
- lyriQ™ Local Source Input

THEATER A Sumptuous Blend For Home Theater Entertainment Options

Basic 5.1

Surround yourself with sound and music with the affordable, high-performance 5.1 Home Theater Solution. Create an exciting movie theater experience in your own home with in-ceiling and in-wall evOQ™ 5000 Series Speakers and an amplified sub-woofer that provides deep, low frequencies.

BASIC 5.1 THEATER ADD-ON OPTIONS

- Video Sharing

Premium 6.1

With an added rear center in-ceiling evOQ™ 5000 Series Speaker and a high-end evOQ™ 7000 Series Sub-Woofer, you'll get full spectrum sound and feel like you're right in the center of the action and excitement of your home entertainment.

BASIC 5.1 THEATER ADD-ON OPTIONS

- Video Sharing

Ultimate 7.1

Experience the ultimate in audio excitement with our top line 7.1 Home Theater Solution. The evOQ™ 7000 Series Speakers and Sub-Woofer fill your room with stunning movie surround effects and envelop you with remarkable audio performances so real you'll forget where you are.

ULTIMATE 7.1 THEATER ADD-ON OPTIONS

- Video Sharing

TV / VIDEO Enhance Your Appetizer With These TV/Video Entrees

Premium TV

The On-Q Premium Television Solution provides digital amplification that lets you experience crystal-clear high-definition pictures on up to eight TVs in your home. This system supports cable box, digital video recorders, reverse path signals for pay-per-view movies and interactive TV.

PREMIUM TV ADD-ON OPTIONS

- Additional TV Locations

Premium Satellite

The On-Q Premium Satellite Distribution Solution sends crystal-clear DIRECTV® signals to eight TVs and receivers throughout your home. This system is compatible only with DIRECTV digital video recorders, HDTV and standard Cat 5.

PREMIUM SATELLITE ADD-ON OPTIONS

- Additional TV Locations

GAMING For Those With A Taste For Excitement And Challenge!

Gaming Console

You'll feel like you're inside the game with the pulsating, chest-thumping sound from the evOQ™ 3000 Series Speaker and evOQ™ 5000 Series Sub-Woofer. With easy web connections for Internet gaming and Hide-A-Port Outlets to keep wires under control, you'll raise your level of gaming excitement to a whole new dimension.

INTERNET These Solutions For Connectivity Hit The Spot!

Basic Wired Internet

Securely access the Internet with a Router/Switch and Network Interface Module that distributes Internet connections via Cat 5e to wall plates in three locations, eliminating messy wires. Share gaming, files, music, printers and more!

BASIC WIRED INTERNET ADD-ON OPTIONS

- Internet/Data Surge
- Whole House DSL Filtering
- Additional Locations

Premium Wireless Internet

Enjoy the freedom of wireless Internet access — even outdoors — with the On-Q Wireless Access Point (WAP). The WAP unobtrusively mounts in the ceiling and is powered over one Cat 5e cable so there are no unsightly power cables or adapters, therefore reducing clutter around the home.

PREMIUM WIRELESS INTERNET ADD-ON OPTIONS

- Internet/Data Surge
- Whole House DSL Filtering

Ultimate Hybrid Internet

Combine wireless with hard wired connections for ultimate flexibility. Internet access is delivered to three hard-wired locations and a Wireless Access Point (WAP) provides wireless access to laptop users. WAP set up and operation is simple, and a web-based control system gives you easy ongoing control and management of all hardware functions.

ULTIMATE HYBRID WIRED INTERNET ADD-ON OPTIONS

- Internet/Data Surge
- Whole House DSL Filtering
- Additional Locations

INTERCOM The Perfect Communication Complement

Basic Intercom

Communicate anywhere in the home with a broadcast intercom system including a main console unit, three room units and a door unit. With a sleek, updated look, units mount in the wall in a stylish, color-matched console that is small and unobtrusive.

BASIC INTERCOM ADD-ON OPTIONS

- Room Unit
- Front Door Camera w/LCD Display
- Door Unit
- Desktop Unit
- Patio Unit

Premium Intercom

This four room solution also includes a convenient weatherproof patio unit that's designed with the same functionality as the room units, but for outdoor, use and is available in four popular finishes. Enjoy the freedom of entertaining out back or relaxing on the deck while monitoring the baby's room or waiting for guests to arrive at the front door.

PREMIUM INTERCOM ADD-ON OPTIONS

- Room Unit
- Front Door Camera w/LCD Display
- Door Unit
- Desktop Unit

Ultimate Intercom

Communication has never been more convenient with intercom units in seven locations, including the front door and outdoor patio. Our cutting-edge LCD screen and high-resolution camera allow you to safely screen visitors from one speaker location as well as talk to them.

ULTIMATE INTERCOM ADD-ON OPTIONS

- Room Unit
- Door Unit
- Desktop Unit

TELEPHONE Popular Favorites To Expand Your Base Package

Teenager Phone Line

Free up your phones from talkative teens. The AnyLine Telecom Module works with any standard phone so you can choose which of four possible incoming lines you want to be routed to various phones in the house. And it won't interfere with features like caller ID or message indicator.

TEENAGER PHONE LINE ADD-ON OPTIONS

- Telephone Surge
- Anyline Telecom Adapter

HOME OFFICE Home Cooking For The Home Office

Basic Home Office

Create an efficient small office right in your home. This solution provides cable modem and DSL connections for high-speed Internet access, TV connections and up to four phone lines - perfect for telecommuters and self-employed individuals who need communications flexibility from home.

HOME OFFICE ADD-ON OPTIONS

- Telephone Surge
- Internet/Data Surge
- Anyline Telecom Adapter
- Whole House DSL Filtering

IT'S WHAT YOU DON'T SEE THAT COUNTS.

LIGHTING Delicious Accents That Enhance Your Environment

Convenience / Safety Lighting

Coming home to a dark house will become a thing of the past. A centrally-located ALC Designer Scene Switch allows you to operate groups of lights throughout the home with a press of a single button. From the comfort and safety of your vehicle, you can turn on groups of lights by remote control as you arrive home or turn lights off as you pull out of the driveway.

CONVENIENCE/SAFETY LIGHTING ADD-ON OPTIONS

- Outdoor Lighting
- Holiday Lighting
- Add Designer Scene Switch
- Add-A-Switch
- Additional RF Remote
- Additional Lights

Theater Lighting

This solution gives you ultimate control of your home theater lighting and may be extended to include drapery and screen control. Our flexible and easy-to-use Designer Scene Switch allows you to control groups of lights in a home theater room with the press of a single button and may be reprogrammed for an endless variety of customized lighting scenes at any time.

THEATER LIGHTING ADD-ON OPTIONS

- Add-A-Switch

Your home is a refuge from the world, a sanctuary from the elements, a place you can relax in comfort. From amazing audio to intimate connections, On-Q/Legrand is changing the definition of home living.

SECURITY Chicken Soup For Your Peace of Mind

Basic Camera

Watch your kids' room or keep an eye on them by the pool with two high-resolution, black and white indoor/outdoor surveillance cameras. Featuring sealed metal housings and low-light sensitivity, these weather resistant cameras are great for viewing areas outside and around the home from the comfort and security of any TV in the house.

BASIC CAMERA ADD-ON OPTIONS

- B&W Camera
- Color Camera
- Infrared Camera
- In-Wall Camera
- LCD Color Monitor
- IP Video Server

Premium Camera

Two color cameras feature an ultra-clear DSP for image control and clarity. The LCD Display mounts in a kitchen or hallway wall, which provides easy access to any camera view without going to a TV. All camera modules come with a built-in sequencer that allows rotation through multiple camera views on one LCD Display.

PREMIUM CAMERA ADD-ON OPTIONS

- B&W Camera
- Color Camera
- Infrared Camera
- In-Wall Camera
- IP Video Server

Ultimate Camera

A high-performance IP video server provides network access to the four cameras included in this solution for viewing over the Internet from anywhere in the world. The IP Video Server requires only a standard web browser to run — no additional software is needed. An infrared camera allows monitoring in extreme low-light areas.

ULTIMATE CAMERA ADD-ON OPTIONS

- LCD Color Monitor

HOME CONTROL A Platter Of Technological Convenience, Security And Efficiency

Basic Control

Remotely control your home's lighting and temperature from a touch tone phone with our cost-effective system that lets you program the lighting, heating and cooling around your schedule.

BASIC CONTROL ADD-ON OPTIONS

- Color Touch Screens
- Additional Thermostats
- Additional Keypad Display
- Lighting Control Switches

Premium Control

For expanded capacity in larger homes, this solution supports up to four thermostats and up to eight keypads. A "plug and play" touch screen interface control functions via easy-to-recognize icons and you can use PC access for convenient system management.

PREMIUM CONTROL ADD-ON OPTIONS

- Additional Thermostats
- Additional Keypad Display
- Lighting Control Switches

Ultimate Control

Use touch screen displays for easy programming or control your HMS using a secure computer network that allows you to program and change your home's lighting, heating and cooling. HomeView Network access allows sophisticated control and the HMS 1100 model can handle up to 176 security zones.

ULTIMATE CONTROL ADD-ON OPTIONS

- Additional Thermostats
- Additional Keypad Display
- Lighting Control Switches

ENTERTAINMENT

MUSIC

evOQ™ 3000 Outdoor Speakers

Enjoy relaxing outdoors with these high-quality, 5.25 inch speakers that are fully enclosed and can withstand even the most inclement weather.

evOQ™ 7000 Outdoor Speakers

These high-quality, 6.5 inch outdoor speakers are fully water-resistant and extremely durable – perfect for music fans that don't want to compromise outdoor listening pleasure.

lyriQ™ Local Source Input

Override the main music source and plug in local sources like portable MP3 players, CD players or computer audio outputs to enjoy through evOQ™ Speakers. Available with the Premium Solution or Ultimate Music Solution.

lyriQ™ Amplified Keypad

Add a stylish modern look with this keypad. Features adjustable backlight levels, power indicator light, up/down volume control and infrared capacity for use with remote controls. Available with the Basic Music Solution, Premium Music Solution or Ultimate Music Solution.

Home Entertainment Connection Center

The Home Entertainment Connection Center (HECC™) offers a centralized outlet connection point where all of your audio, video, home theater, data and phone connections come together.

lyriQ™ Universal Remote Control

This remote control enables management of volume levels and speaker on/off functions from any of the individual amplified keypads. It's also able to learn IR commands from source equipment remote controls.

Additional Music Locations

As your needs grow, connect up to four additional rooms with add-ons to a Classic Music Solution, up to ten additional rooms with add-ons to a Basic Music Solution or eight additional rooms with add-ons to a Premium or Ultimate Music Solution.

THEATER

Video Sharing

A digital modulator allows you to share video signals throughout your home by taking video signals and assigning to a specific channel so they can be seen on any TV in the house.

TV / Video

Additional TV Locations

Add up to eight additional digital-ready television locations for a maximum of 16 television locations.

COMMUNICATIONS

INTERNET

Internet / Data Surge

The data surge option protects the network from transient voltage and keeps your connected devices safe.

Whole House DSL Filtering

This DSL filtering option separates the DSL signals in a single location and eliminates the need for micro filters on every phone outlet in the home.

INTERCOM

Room Unit

Never be more than a few steps away from answering the door or monitoring a child's room with additional inQUIRE™ Room Units.

Door Unit

Talk to visitors before opening the door with an attractive inQUIRE™ Door Unit. Available in both classic and modern finished that are guaranteed to increase the curb appeal of any home.

Patio Unit

Enjoy the freedom of entertaining out back or relaxing on the deck with the inQUIRE™ Patio Unit. Includes all the same options that you have inside but in a weatherproof version.

Desktop Unit

Add flexibility with a free standing expansion to the inQUIRE Intercom System. All the same functions of a room unit but can be moved to convenient locations such as a home office desk or bedroom night stand.

TELEPHONE

Telephone Surge

Protect all of your equipment from potentially catastrophic power surges and keep it safe with telephone surge protection.

AnyLine Telecom Adapter

This handy adapter allows you to connect single- or two-line phones, fax machines and dial-up modems to any of the active lines at a four-line telephone jack without the need for rewiring.

COMFORT

LIGHTING

Outdoor Lighting

Make your home safer by automatically turning on landscape and security lighting each night.

Holiday Lighting

Allows control of any type of decorative lights from one switch inside the house and eliminates the hassle of plugging in multiple strands of holiday lights.

Add-A-Switch

This option lets you add a switch to any light inside or outside. And even better, it works with any type of light.

Additional RF Remote Keyfob

Provide additional peace of mind with an extra RF Remote Control Keyfob for another family member.

ALC Designer Scene Switch

Further customize your lighting scenes or program and control a variety of non-lighting electrical devices.

SECURITY

IP Video Server

Allows Category 5 Camera system to be viewed through the local computer network or remotely over the Internet.

LCD Color Monitor

This 3.5 inch LCD screen displays high-resolution color video from multiple views.

Cameras

Incorporate basic camera monitoring by adding an innovative Cat 5 camera. Choose from either Color or B&W bullet Cameras, Decorator Mount Mini Camera, or Infrared Bullet B&W Camera.

CONTROL

Color Touch Screens

Features colorful touch screen interface that displays an icon for each control function. Also enables you to maintain and re-program your system remotely.

Control Keypad Display

Additional control keypad displays let you operate your system from multiple locations throughout the house.

Thermostats

Additional HMS thermostats give you even more control over heating and cooling in different zones of your home.
